

CEILING PROS: LOWER YOUR LABOR COST!

MILLIONS USED WORLDWIDE!

NO MORE HAND-REVEALED CEILING TILES. NONE.

TegTab provides up to 80% labor savings for tegular-edge, perimeter ceiling tile installation. Save thousands in labor costs from just one job!

THREE STEPS TO MASSIVE TIME SAVINGS ON CEILING INSTALLS:

1 Hang Grid, Snap-in Teg-Tabs
Lower the wall mold by the height of the reveal. Teg Tab clicks onto the Tee Rail for easy installation, plus allowing the Tee to slide during a seismic event.

2 Measure & Make ONE Cut!
Measure perimeter openings and cut tiles to length. **No revealed edges!**

3 Install Perimeter & Finish Done! Install tile above the wall mold. Finish is clean and consistent.
